Moose Hide Campaign Day 2021

Thank you for registering for Moose Hide Campaign Day!

You are joining hundreds of thousands of individuals, communities, and organizations across Canada who are standing up and taking action to end violence towards women and children. The Moose Hide Campaign recognizes that all forms of violence are unacceptable, regardless of gender. We are also aware of the disproportionate number of women who are victims of domestic and gender-based violence and the importance of engaging men and boys in addressing this issue.

Our non-profit organization was founded in response to the tragic reality of the over 1,200 missing or murdered Indigenous women in Canada. We are committed to working with people from all backgrounds, genders and ages to help create a safer world for all women and children.

Moose Hide Campaign Day 2021

This is the 10th year of our campaign. We have come together each year to re-commit in our pledge to see an end to violence towards women and children. To remember those we have lost. To share our stories and struggles. To grow closer through the experience of fasting and ceremony. To motivate one another with all we have managed to achieve.

Due to the ongoing COVID-19 pandemic, for the first year this event will be fully virtual, combining our national and provincial gatherings. Please see the below agenda with timings for Moose Hide Campaign Day 2021:

Workshops

We are so happy to present workshop content from across Canada. We created pre-recorded workshops for educators to facilitate their use in the most practical ways possible. Each workshop has an educator's guide to accompany it with key ideas, discussion questions and suggested activities.

You are welcome to choose one workshop to share with your students or present them as a series and work your way through them all over the coming weeks and months. Please feel free to use the materials to your best advantage.

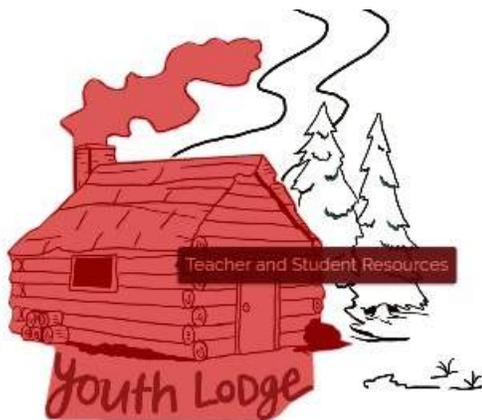

It is important to note that not all workshops are suitable for all audiences. We strongly recommend you preview the content before sharing them with your students.

Some of the stories shared may be triggering to students and although we feel these are important conversations, we trust that as teachers you understand your classroom community best and will ensure the emotional, mental, physical and spiritual safety of your students at all times.

We are grateful to the Indigenous Elders, women, and youth who have guided the Moose Hide Campaign, and whose determined advocacy and leadership have raised awareness of the ongoing challenges of gender-based violence and missing and murdered Indigenous women and girls. Your wisdom, teachings, and guidance continue to inspire us to stand up and take action to end violence against women and children. We express our gratitude to the many volunteers and funders across the country who are working with the Moose Hide Campaign to help end violence against women and children.
