Letter of Intent for Moose Hide Campaign Ambassador Campus

May 31, 2021

To: Moose Hide Campaign Development Society

RE: Moose Hide Campaign Ambassador Campus at Douglas College

To whom it may concern,

Douglas College is pleased to express its interest to become a *Moose Hide Campaign Ambassador Campus*.

The Moose Hide Campaign serves an important need in our community and all across Canada because violence against all women and children is a significant problem with profound impacts.

We appreciate how participation in the Campaign is easy and accessible, with Moose Hide patches provided free of charge as well as education and outreach support from Campaign leaders. Over the past few years, the Douglas College community has participated in the Moose Hide Campaign by distributing approximately 250 Moose Hide patches and we are excited to begin exploring other online and in person initiatives the College can offer.

We will continue to show our commitment to stand with the Moose Hide Campaign as it has proven to be a valuable, practical, and effective way for our organization and members of our community to get involved in and strengthen the movement to end violence against women and children in Canada. The Campaign also aligns with our College commitments to Indigenization, including to "Align practices and processes with the UN Declaration on the Rights of Indigenous Peoples and the Truth and Reconciliation Commission's Calls to Action."

We look forward to completing the *Annual Action Inventory* for the *Ambassador Campus Initiative* and joining post-secondary campuses all across Canada in taking a stand to end violence.

Our Student Affairs and Services team is committed to investing time and energy toward the Campaign, with direct involvement of both our Student Life team and our Indigenous Student Services team. We would like to expand the reach of the Campaign over previous years and integrate the Campaign within our broader sexual violence prevention strategy. We commit to standing up against violence towards women and children within our institution and in Canada.
