RE: Letter of Intent - Moose Hide Campaign Ambassador Campus at Humber College

Dear Mr. Stevenson and Campaign Organizers,

Humber College is looking forward to another year of active involvement for the Moose Hide Campaign. To further demonstrate our commitment to ending gender-based violence and expanding awareness of the campaign in the Greater Toronto Area and beyond, we would like to become an Ambassador Campus for the Moose Hide Campaign.

Humber is one of the largest post-secondary education institutions in Canada, and for many years, has been a leader in promoting equity, diversity and inclusion for everyone. We have demonstrated our commitment to eliminating violence against women on our campuses and in our communities by organizing many annual awareness campaigns and initiatives related to sexual assault and sexual violence.

Our students, faculty members and employees actively participate in many activities and collaborative efforts throughout the year, such as BIPOC talking circles, discussion panels, and our annual Take Back the Night event, a march against sexual and gender-based violence.

Our involvement in the Ambassador Campus Initiative will further enhance Humber's ongoing implementation of the recommendations outlined in the Truth and Reconciliation Commission Calls to Action, the UN Declaration on the Rights of Indigenous Peoples and the Missing and Murdered Indigenous Women and Girls Inquiry Calls for Justice.

We believe it is our responsibility to use our platforms to take tangible action to protect women and children against all forms of violence and look forward to continuing this important work with your organization and will support the Moose Hide Campaign any way we can.

Thank you for your time and consideration.

Sincerely,

Jason Hunter
Vice-President, Students and Institutional Planning

Jason Seright
Dean, Indigenous Education & Engagement
