Waututh) unceded territory

To: Moose Hide Campaign Development Society,
To whom it may concern,

Native Education College is pleased to express its support in becoming a Moose Hide Campaign Ambassador Campus. The Moose Hide Campaign serves an important need in the communities we serve because violence against women and children is a significant problem with profound impacts.

Participating in the Moose Hide Campaign is important to NEC because it encourages and empowers communities – particularly men and boys – to discuss violence against women and children, and it provides accessible avenues to stand up and take action in the effort to end violence.

As part of our involvement in the Moose Hide Campaign, we have organized and hosted a kiosk table for information sharing, distributed Moosehide patches, and shared campaign information through social media.

We will continue to show our commitment to stand with the Moose Hide Campaign as it has been a valuable and effective way for NEC to get involved in and strengthen the movement to end violence against women and children.

NEC commits to standing up against violence towards women and children.

Please don't hesitate to contact me if you have any questions.

Kind Regards,

President
