To: Moose Hide Campaign Development Society  
From: Northlands College  
RE: Letter of Intent Moose Hide Campaign Ambassador Campus at Northlands College

To whom it may concern,

Northlands College is pleased to express its support in becoming a Moose Hide Campaign Ambassador Campus. We have not participated in the campaign but would like to start participating because violence against all people is a significant problem with profound impacts.

Participating in the Moose Hide Campaign has benefited the communities we serve in northern Saskatchewan, our institution, and the individuals we serve by encouraging and empowering people – particularly men and boys – to discuss violence against women and children, and by providing accessible avenues to stand up and take action in the effort to end violence.

Participation in the Campaign is easy and accessible, with Moose Hide patches provided free of charge as well as education and outreach support from Campaign leaders. As part of our involvement in the Moose Hide Campaign, we or plan to organize and host:

- Information events to educate our staff and students what the Moose Hide Campaign is about.
- Sharing Circles when applicable.
- Honor November 25, 2022, International Day for the Elimination of Violence against Women.
- Story walk in the spring of 2023.
- Day of fasting in support of the campaign in spring of 2023.

We will continue to show our commitment to stand with the Moose Hide Campaign as it has proven to be a valuable, practical, and effective way for our organization and members of our community to get involved in and strengthen the movement to end violence against women and children in Canada. We look forward to completing the Annual Action Inventory for the Ambassador Campus Initiative and joining post-secondary campuses all across Canada in taking a stand to end violence.

We commit to standing up against violence towards women and children within our institution and in Canada.
