RE: Moose Hide Campaign Ambassador Campus at Yukon University

The First Nations Initiatives Department at Yukon University is pleased to express its support in becoming a Moose Hide Campaign Ambassador Campus.

The Moose Hide Campaign serves to raise awareness of the need to eliminate violence against all women and children and find pathways for healing in our communities.

Participating in the Moose Hide Campaign will benefit our communities we work in partnership with, our institution, and the individuals we serve by encouraging and empowering people – particularly men and boys – to discuss violence against women and children, and by providing accessible avenues to stand up and take action in the effort to end violence.

As part of our involvement in the Moose Hide Campaign, we plan to raise awareness on campus through various initiatives. We look forward to showing our commitment to stand with the Moose Hide Campaign as it has proven to be a valuable, practical, and effective way for our organization and members of our community to get involved in and strengthen the movement to end violence against women and children in Canada. We look forward to completing the *Annual Action Inventory* for the *Ambassador Campus Initiative* and joining post-secondary campuses all across Canada in taking a stand to end violence.

We commit to standing up against violence towards women and children within our institution and in Canada.

Best Regards,
